**Sortimo**<sup>®</sup>

with Sortimo's unique racking solution

A place for everything ...

# Form, Function, Flexibility.

## Superior storage.

### Your LDV commercial vehicle and Sortimo Globelyst.

You have chosen a LDV because it suits your space requirements, and has the quality you need for your trade and service. Globelyst the innovative in-vehicle equipment from Sortimo has less weight due to an Alu-Space-Frame structure. This gives your LDV better space and weight utilization. With our starter kit you can organize your vehicle for more efficient use.

You can personalize your Sortimo system exactly to your own requirements at any stage by choosing from the range of Sortimo accessories.

### Alu-Space-Frame Architecture

Weight reduction has always occupied Sortimo. Especially when stability and strength are required, Sortimo sets new standards.

### Floor and wall protection

Soboflex Safety Flooring, Sowaflex Wall & Door kits protect your investment and your vehicle against internal damage. Sortimo racking is secured into the Safety Flooring & not the vehicle's floor pan, making re-installation easier, providing a proven Crash Tested Foundation which avoids the need to drill through the vehicle.

### Variations on a theme – as an individual

There is no need to compromise. Even your most exclusive needs can be met with our Sortimo Globelyst system. Irrespective of the combinations chosen, Globelyst offers the perfect vehicle racking solution at a competitive price, coupled together with the highest safety standards.

## Passenger side.

### flooring

By securing the racking into Sortimo's CNC milled Sobo-safety flooring (not the van's floor pan) installation is quicker, easier & best insures your safety in the event of an accident.

**MSS L1-1**

**Description:** Alternative to wood

- ▶ aluminium uprights
- ▶ 3 aluminium open trough shelves
- ▶ kick plate & polyprop ends

**Dim:** (H x W x D) 1260 x 1250 x 385 mm  
**Weight:** 19 kg

**MSS L1-2**

**Description:** Shelves + Boxes

- ▶ aluminium uprights
- ▶ 7 slide-out 'S'boxes
- ▶ 2 alu open shelves with mats & dividers
- ▶ lift-up wheel arch cover & polyprop ends

**Dim:** (H x W x D) 1260 x 1250 x 385 mm  
**Weight:** 30 kg

**MSS L1-3**

**Description:** Boxes

- ▶ aluminium uprights
- ▶ 9 slide-out 'M'toolboxes
- ▶ 2 slide-out 'M'toolboxes
- ▶ 2 large & 2 small Euro boxes
- ▶ lift-up wheel arch cover & polyprop ends

**Dim:** (H x W x D) 1260 x 1250 x 385 mm  
**Weight:** 35 kg

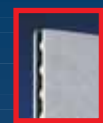

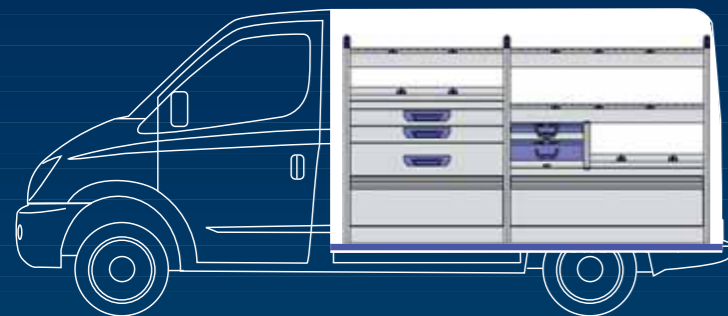

**MSS L1-4**

**Description:** Workbench

- ▶ aluminium uprights
- ▶ HD wooden work surface
- ▶ 1 component & 2 tool service cases mounted on runners
- ▶ 3 drawers with mats & dividers
- ▶ lift-up wheel arch cover & polyprop ends

**Dim:** (H x W x D) 940 x 1250 x 385 mm  
**Weight:** 65 kg

## Driver side.

### wall & upper door

Sowaflex wall & door upper protection kits are CNC milled with fittings & locations. Using a honeycomb polyprop construction weight is kept to a minimum, providing an oil & chemical resistant, durable wipe clean finish.

**MSS L1-5**

**Description:** Alternative to wood

- ▶ aluminium uprights
- ▶ 6 aluminium open trough shelves
- ▶ kick plate & polyprop end panels

**Dim:** (H x W x D) 1260 x 2250 x 385 mm  
**Weight:** 29 kg

**MSS L1-6**

**Description:** Shelves + Boxes

- ▶ aluminium uprights
- ▶ 13 slide-out 'S'boxes
- ▶ 4 aluminium open trough shelves with mats & dividers
- ▶ 2 lift-up wheel arch covers & polyprop ends

**Dim:** (H x W x D) 1260 x 2250 x 385 mm  
**Weight:** 48 kg

**MSS L1-7**

**Description:** Boxes

- ▶ aluminium uprights
- ▶ 14 slide-out 'S'boxes
- ▶ 4 slide-out 'M'toolboxes
- ▶ 4 large & 2 small Euro boxes
- ▶ 2 lift-up wheel arch cover & polyprop ends

**Dim:** (H x W x D) 1260 x 2250 x 385 mm  
**Weight:** 59 kg

**MSS L1-8**

**Description:** Drawers + Cases

- ▶ aluminium uprights
- ▶ 5 alu open shelves with mats & dividers
- ▶ 3 drawers with mats & dividers
- ▶ 1 compartment case, 1 tool-case on runners,
- ▶ 2 lift-up wheel arch cover & polyprop ends

**Dim:** (H x W x D) 1260 x 2250 x 385 mm  
**Weight:** 84 kg

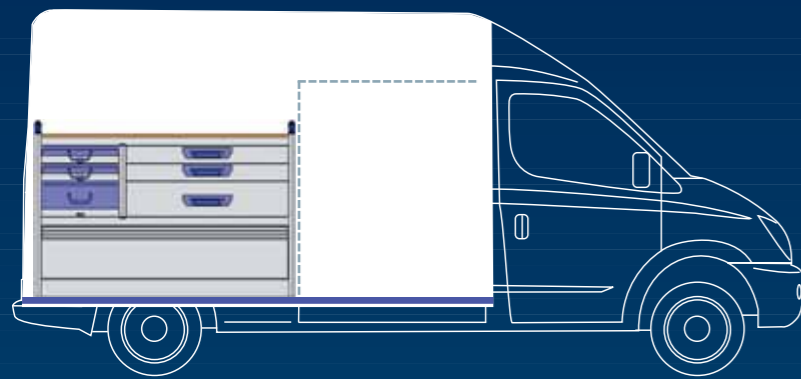

All of the above systems use the same Aluminium space-frame, so can be upgraded as your requirements change. Shelf positions can be changed easily a 17mm increments up or down the space point of installation.

**MSL L2-1**

**Description:** Alternative to wood

- ▶ aluminium uprights
- ▶ 4 aluminium open trough shelves
- ▶ kick plate & polyprop ends

**Dim:** (H x W x D) 1600 x 1500 x 485 mm  
**Weight:** 31 kg

**MSL L2-2**

**Description:** Shelves + Boxes

- ▶ aluminium uprights
- ▶ 9 slide-out 'S'boxes
- ▶ 3 alu open shelves with mats & dividers
- ▶ lift-up wheel arch cover & polyprop ends

**Dim:** (H x W x D) 1600 x 1500 x 485 mm  
**Weight:** 45 kg

**MSL L2-3**

**Description:** Boxes

- ▶ aluminium uprights
- ▶ 18 slide-out 'S'boxes
- ▶ 3 slide-out 'M'toolboxes
- ▶ 4 large & 4 small Euro boxes
- ▶ lift-up wheel arch cover & polyprop ends

**Dim:** (H x W x D) 1600 x 1500 x 485 mm  
**Weight:** 63 kg

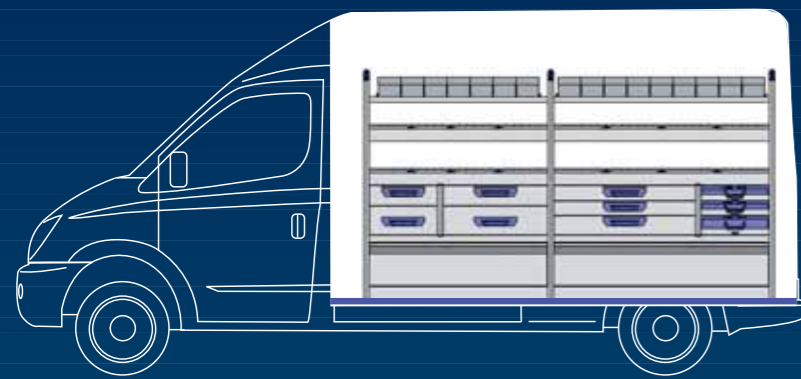

**MSL L2-4**

**Description:** Workbench

- ▶ aluminium uprights
- ▶ HD wooden work surface
- ▶ 1 component, 2 tool service cases mounted on runners
- ▶ 3 drawers with mats & dividers
- ▶ lift-up wheel arch cover & polyprop ends

**Dim:** (H x W x D) 1000 x 1500 x 485 mm  
**Weight:** 85 kg
